

Office of the Provincial President

TO: Sherry McLennan, Representative, Western Region 2

FROM: Glen McCallum, President

SUBJECT: MANDATE as Minister of Emergency Management

DATE: June 18, 2026

Dear Minister McLennan,

Maarsii, thank you for agreeing to serve the Métis Nation–Saskatchewan (MN–S) as Minister of Emergency Management. In May 2025, our citizens elected a new government to stand up for Métis citizens and build a strong government that works for everyone. As members of this Provincial Métis Council, we must fulfill this mandate with purpose and force. We must meet a series of unprecedented challenges with a disciplined focus on core priorities. Our journey to self-determination and self-government is grounded in building a governance system that reflects our unique identity, culture, values, and languages. As representatives of this government, you must stay focused on who we are and how we build a government that reflects that. Our distinction-based plan sets the direction by creating delivery systems that are uniquely Métis while ensuring our work remains rooted in our identity as a people.

This mandate letter describes your responsibilities and priorities moving forward. As transparency and accountability are the cornerstones of good government, I am making these letters public, so all citizens are informed of how their government is working for them.

As Minister, your role is to support the President in building a Métis distinct government and advancing the implementation of our distinctions-based plan. While day-to-day incident operations are managed through established incident and departmental processes, in collaboration with Regions, Locals, MN–S administration, and partner agencies, your leadership will help strengthen readiness, relationships, resourcing, and whole-of-

government coordination.

Ministers are expected to carry out their responsibilities on behalf of the President, exercising delegated authority with accountability and transparency. A meeting process will be established to support coordinated decision-making and provide Ministers with regular opportunities to update colleagues on progress and emerging issues. Ministers will report back to the President through this process, ensuring alignment with our distinctions-based priorities.

Ministerial Responsibilities

I expect you to work constructively with all members of the PMC, MN–S staff, and citizens to deliver on the MN–S priorities. This includes advancing the collective priorities set out in our Distinctions Based Focus Plan (DBFP) which charts a Métis-distinct path forward for the MN–S government based on the priorities of Elders, citizens, and the PMC.

As Minister, you are responsible for the following areas:

- Provide strategic leadership for emergency management across MN–S, including preparedness, mitigation, response coordination, and recovery priorities;
- Ensure MN–S has clear strategic frameworks that support citizen safety, continuity of essential supports, and resilience to evolving hazards, including climate-related events;
- Advance emergency management goals, in collaboration with the Minister of Environment, Agriculture, Lands and Resources;
- Supporting the work of departments and ministers as they relate to emergency management;
- Establishing and maintaining relationships with your counterparts in municipal, provincial, federal, and indigenous governments;

- Work collaboratively with the Minister of Intergovernmental Affairs, to advance coordinated engagement with Indigenous, federal, provincial, and municipal government;
- Regular reporting to myself as the President, MN–S, on the status of your ministerial responsibilities.

Priorities

In addition to the collective priorities in the Distinctions-Based Focus Plan, you will have specific ministerial priorities, which are outlined below:

- Advocate for stable funding from both federal and provincial governments to better support citizens in times of emergency;
- Ensure that our government’s emergency management plan is regularly reviewed and updated;
- Build partnerships with federal and provincial entities and non-profit organizations to support and advance our government’s emergency management plan;
- Collaborate with the Minister of Northern Affairs on emergency management priorities for the North;
- Work with the Minister of Environment, Agriculture, Lands and Resources to address wildfire and disaster impacts on the natural resources that our citizens rely on;
- Work with Minister of Housing and Homelessness for emergency supports for citizens impacted by emergencies;
- Work with the Minister of Self-Determination and Self-Government and the Minister of Health, and Mental Health and Addictions to address the State of Emergency on Drugs and Alcohol, Gangs, and Violence across the Saskatchewan Métis Homeland;
- Support the development and implementation of a multi-year framework that clarifies outcomes, roles, coordination pathways, and principles for preparedness, response coordination, and recovery;

- Support the President in preparing your portfolio for MN–S Self-Government Agreement (treaty) implementation and in building a Metis distinct government.

Working Together

We must deliver for our citizens as we exercise our inherent right to self-determination, including our right of self-government. Achieving these objectives will require collaboration and coordination with other ministers, as well as working closely with the Regions, Locals, and MN–S staff.

Ministers are expected to empower and support the public service to operationalize their vision through effective planning, clear direction, and disciplined execution aligned with DBFP principles. This includes fostering a respectful, professional partnership where public servants are enabled to apply their expertise to translate priorities into actionable programs and results. Ministers will rely on the public service as a trusted team of technical experts to design, implement, and continuously improve outcomes on behalf of MN-S.

In addressing the tasks before us, we must remain true to what makes us distinct as Métis people. Our identity, culture, values, and language: these things we must keep in mind as they direct our work. MN–S is a dynamic government that celebrates our Elders and our youth, cares for the most vulnerable among us, and strives for a better future for all citizens. If we work together, we can ensure a strong, healthy, vibrant future for all Métis in Saskatchewan.

miyo - kîsikanisiw,

Glen McCallum
President, Métis Nation–Saskatchewan
