

Resolution Duly Approved by the
Métis Nation-Saskatchewan
Provincial Métis Council on November 9, 2019
#191109-16

**Receipt of a Resolution Supporting Negotiations
Towards Health Benefits for Métis Citizens**

That the Métis Nation – Saskatchewan (MN-S) Provincial Métis Council receive for consideration the following resolution, duly submitted by Northern Region 3:

“That the MN-S immediately start negotiating with the federal government to provide health benefits to our Métis citizens. This could be negotiated as a Métis Health Benefit Act with the federal government. We should move on this as soon as possible, because it is a real hardship on a lot of our people who cannot afford transportation or their medication. We ask that you urgently pursue this, as soon as possible”.

Dated this 9th day of November, 2019
