

POINT-IN-TIME COUNT (PIT COUNT) APPLICATION FORM

What is a Point-in-Time Count?

A Point-in-Time Count provides an estimate of homelessness in a community over a specified period, generally 24 hours. A PiT Count is not intended to be a comprehensive research study, nor is it designed to provide the absolute number of individuals experiencing homelessness in a community. When conducted consistently, it offers a snapshot of homelessness that allows communities to measure their progress in reducing homelessness.

This will be the Enumeration, not the full Survey.

Successful applicants will be required to attend information sessions.

Timelines for PiT Count Applications

1. Apply by **August 20th, 2026.**
2. Organizations that are successful in receiving funding will be notified by **August 24th, 2026**
